Resolved that the City of Sault Ste. Marie appreciates our strategic location at the hub of the Great Lakes and central to North America; and

Whereas our location affords us an opportunity to promote ourselves as a multi-modal transportation hub for shipping-rail-air-truck modes of transportation; and

Whereas our position at the extreme north end of the US Interstate 75, an underutilized highway that connects with Canada's Queen's Highway 17 at our City; and

Whereas the International Bridge between our two countries is not congested unlike other border city locations in Southern Ontario; and

Whereas the Air Cargo Committee, to be renamed the Multi-Modal Transportation Committee, requested the IMS Committee retain a rail transportation specialist, the IBI consulting group, to examine the benefits of inter-modal rail-truck routed through Sault Ste. Marie; and

Whereas City Council wishes to thank Michael Kieran, IBI's Rail Transportation Specialist for his informative presentation; and

Whereas the IBI report positively supports further development of the business case and further, Carmen Provenzano, MP, City of Sault Ste. Marie has identified a Transport Canada call for proposals for multi-modal opportunities which has a submission deadline of May 6, 2004;

Therefore be it resolved that

1) The IMS Committee with advice from the Multi-Modal Committee carry on with this work steering this opportunity for the City of Sault Ste. Marie by preparing the proposal for submission and that they explore all potential partners (private and public) in the development of the business case for Sault Ste. Marie to become a multi-modal hub.

2) City Council authorize assistance from staff to the IMS Committee as needed for preparation of the proposal.

3) City Council request support from DESTINY, EDC, and the Chamber of Commerce in this matter.

4) The IMS Committee with the Multi-Modal Committee report to Council on April 26, 2004 with our request for funding the further development of the business case for Sault Ste. Marie as a multi-modal hub. CARRIED.
